

September 14, 1991

Royce Larson and Gary Rose
Park Valley Hereford Association
Park Valley, Utah 84329

Dear Hereford Association Members,

I wish to announce that effective September 14, 1991 Northern Stone Supply, Inc. will be taking over the operation of the Turquoise Stone Quarry from Glen Fuller of Fuller Quarries.

Glen has been a good friend and associate for many years and I have always admired the way he has run his business and the quarry. We plan no major changes in the way things have been done except to increase production to a modest level. For the past 40 years I have been involved in the quarrying and distribution of various types of building stone beginning in the Los Angeles, California, Lake Tahoe and Reno, Nevada areas during 1960 and 1970, and for the past 20 years in Oakley, Idaho where my company operates our Rocky Mountain Quartzite Quarry.

We look forward to working with the people in Park Valley and maintaining the same policies and cooperation that Glen Fuller has established.

We wish to maintain the long standing policy of no motor vehicle access to Rock Canyon via the dugway road established by Glen. All of our employees and friends will abide by this rule.

Rock Canyon and the Park Valley area are places of special natural beauty and we intend to do our part to help preserve the area for the enjoyment and benefit of present and future generations. If at any time you need to contact me I can be best reached through my office in Oakley.

I look forward to meeting everyone and establishing a friendship.

Sincerely,

Gary Mullard
President
